To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to changes in our directorate and ongoing projects. Nonetheless, this new administration is fully dedicated to fulfilling the *Agency's* commitment to the objectives of the UN Global Compact and truly believes that the effort we are making in different areas will be worth this undesired delay.

We hereby ask for an extension period in order to be able to post a COP that completely describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by 15 of December 2023 at the latest.

Sincerely yours,

Andrés Valentín Acuña
