Reporting Cycle Adjustment

Dear Sir/Madam,

We would like to kindly request a reporting cycle adjustment to December 31, 2023. This is due to the issuing of the first sustainability report of ESMT Berlin, which is planned for the fourth quarter of this year. We would like to align our Communication on Engagement with this reporting activity.

In case of any questions, please do not hesitate to contact me directly at +49 175 356 6320 or joanna.radeke@esmt.org.

Yours Faithfully,
