To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (COE) that comprises of a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COE report due to the organization of the 7th Pact for Brazil Congress.

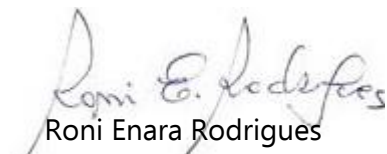

Our organization has been entirely dedicated in recent months to this action that we consider of utmost importance. This event has demanded significant effort from our team to ensure its success, and we are proud to have achieved our objectives.

More recently, in the past month, we have focused our efforts on the crucial matter of being accountable to our partners and sponsors, which is essential to maintain our partnership and continue developing important projects together.

Unfortunately, our team is quite lean, making task segregation challenging. We acknowledge the importance of preparing and presenting the COE, and to ensure it is not compromised in terms of quality and completeness, we request an extension of the deadline for presentation.

We hereby ask for an extension period to be able to post a COE that describes our organization's efforts and progress in support of the UN Global Compact. Our COE will be posted on the UN Global Compact website by December 1st at the latest.

Sincerely yours,

Roni Enara Rodrigues
CEO
