Period covered by this Communication on Engagement

From: October 2022 To: October 2023

16 October 2023

To our stakeholders:

I am pleased to confirm that ACCA reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labour, Environment and Anti-Corruption. This is our Communication on Engagement with the United Nations Global Compact. We welcome feedback on its contents.

The UN Secretary General declared 2020 to be the year to mobilise for a “decade of action” to deliver the UN Sustainable Development Goals (SDGs) by 2030. ACCA (the Association of Chartered Certified Accountants) is contributing to this global ambition by publishing its own commitments to the delivery of the SDGs.

ACCA recognises the importance of all 17 interconnected SDGs and asserts that its commitments demonstrate that ACCA and its community can make the most significant contribution towards nine of them. These include offering access to a quality finance and accountancy education that is free from artificial barriers, becoming Net Zero by 2030, and working in partnership to build an inclusive global profession that supports the development of ethical, sustainable and successful businesses and economies.

Setting out our commitments is an important and necessary step in ensuring ACCA and its community plays a key role in the transformational change business and society needs to see over the next decade. Publishing them brings transparency and accountability to our work and is a logical progression for an organisation that has a proud history of championing sustainability. Our purpose, values and strategy to 2025 already align closely to the SDGs, and this latest development shows our whole-hearted commitment to delivering on them, reporting on them annually and engaging with appropriate partners to help us do this.

In this Communication of Engagement, we describe the actions that our organization has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our stakeholders using our primary channels of communication.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Helen Brand', with a stylized, cursive script.

October 16 2023

About ACCA: ACCA is the Association of Chartered Certified Accountants. We're a thriving global community of **227,000** members and **544,000** future members based in **176** countries and regions that upholds the highest professional and ethical values.

We believe that accountancy is a cornerstone profession of society that supports both public and private sectors. That's why we're committed to the development of a strong global accountancy profession and the many benefits that this brings to society and individuals.

Since 1904 being a force for public good has been embedded in [our purpose](#). And because we're a not-for-profit organisation, we build a sustainable global profession by re-investing our surplus to deliver member value and develop the profession for the next generation.

Through our world leading ACCA Qualification, we offer everyone everywhere the opportunity to experience a rewarding career in accountancy, finance and management. And using our respected research, we lead the profession by answering today's questions and preparing us for tomorrow. Find out more about us at accaglobal.com

Part II. Description of Actions

Action s	UN SDG link
We will offer access to a quality finance and accountancy education that is free from artificial barriers.	UN SDG 4: Quality education
