India

Enrichment Program for Physics Faculty

Credit: **Mr S Ramachandran**, Senior Physics Faculty, Government HSS, The National UN Volunteers-India

An Enrichment Program in the field of education took place on October 19, 2023, aimed at enhancing the skills and knowledge of Physics school faculties. This program was conducted by the Department of Education in Tamil Nadu and hosted at Syed Ammal Higher Secondary School, Ramanathapuram chapter.

Organized in collaboration with the State Council of Educational Research and Training (SCERT) and the District Institute of Education and Training (DIET) in Ramanathapuram district, the event was made possible with the active participation of Mr. S. Ramachandran. Mr. Ramachandran, a senior Physics faculty member at Government Higher Secondary School, Thinaikulum, contributed his expertise as a member of UN Volunteers-India.

This Teacher Enrichment Program aimed to empower Physics educators with the latest insights and teaching methodologies, promoting excellence in Physics education throughout the region. Such initiatives are vital for advancing the

quality of education and nurturing the potential of both educators and students.
