Re: Grace Letter

We recognize that a key requirement for participation in the UN Global Compact is the preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions in regard to our organization's efforts to support the UN Global Compact in advancing the ten principles and to engage in the initiative and a measurement of outcomes.

Furthermore, we are late in creating, sharing and posting our COP report due to network outage for the past fortnight. In lieu of this, we therefore ask for an extension period in order to be able to post our COP which describe our organization's effort and progress to support and to engage with the UN Global Compact. Our new COP report will be posted on the UN Global Compact website on or before February 03, 2024.

Thank you for your understanding and mutual co-operation.
