

UN SCHOOL VOLUNTEERS

India

The School UN Volunteers- India

We follow the ten principles of UNITED NATIONS

Induction: SBOA Matriculation
Higher Secondary School,
Coimbatore 39.

MANAGED BY S.B.I.O.A
EDUCATIONAL TRUST, CHENNAI –
101

Motto & Aim:

“Educate & Illuminate” is the motto. The school aims at

providing a full, liberal and comprehensive education in order to develop in the child a sound character and a fine personality. The objective is to produce young men and women with a keen sense of discipline, responsibility, initiative, integrity, self-reliance and loyalty.

History of the School:

The S.B.O.A Matric. & Hr.Sec.School is recognized by the Govt. of Tamil Nadu. The School was started in June 1985. Last Year our school had a strength of 2792 Students and

128 staff on its roll. The school is co-educational and the medium of instruction is English. The School has made remarkable strides in terms of physical growth, academic excellence and capacity building.

Curriculum:

STD: I TO X

Our School follows the Syllabi of the Tamil Nadu Matriculation Board up to class X. Apart from regular syllabus, we also cover up General Knowledge, Art, Craft, Computer Science & Music for the overall development of students.

STD : XI & XII

Tamil Nadu State Board Syllabus for classes XI and XII.

Management:

The State Bank of India Officers' Association (Chennai Circle) is the sole collective body of four thousand Officers working in the State Bank of India of TamilNadu and Union Territory of Pondicherry. Its primary objective is to unite all Officers working in the circle of collective bargaining purposes and to secure for its members better service and fair working conditions. It is also committed to redressing their grievances and improving the quality of life of its members, economically,

socially and culturally. It was registered on August 14, 1965, as 'State Bank of India Officers' Association (Chennai Circle)' under the Trade Union Act. As SBI Officers' Association Educational Trust. As part of its non-bargaining activity, the SBIOA (Chennai Circle) sponsored the State Bank of India Officers' Association Educational Trust in the Year 1978 and was inaugurated on 6th June 1979 to synchronize the International Year of the Child. The SBIOA Educational Trust was registered

as a Society under Societies Registration Act, to establish and manage educational institutions for the benefit of the members, children as well as to deserving students irrespective of caste, color or creed. The first project of SBIOA Educational Trust is the school started in June 1979 at Anna Nagar Western Extension, Chennai in a compact area of 6.2 acres and at the same time i.e 1979 the Trust has taken over the primary school in Madurai for developing it into a High School.

At present, the trust runs five Schools in Chennai and two each at Madurai, Tiruchirappalli, Coimbatore one in Kochi and one in Salem. Two Schools at Chennai and the schools at Coimbatore, Thiruchirapalli, and Madurai are affiliated to the Matriculation Board of Government of Tamil Nadu and others with Central Board of Secondary Education, New Delhi. At present, there are about 30,000 children studying in all seven schools. Also, the trust has provided employment opportunities to nearly 1500

Teaching and Non – Teaching staff in all thirteen schools. All the schools under the Management of the trust are run efficiently providing cent percent results in Public Examinations year after year. In order to ensure continuous professional development of our Teachers, The Trust has an academy viz SBIOA Higher Academy of Research and Professional Enhancement.

INFRASTRUCTURE

1. Physics Lab

It is spacious and can
accommodate 40 students at a
time. There are seven working

tables for students and each table can accommodate six individual experiments. Each table is provided with 6 electrical plug points and supported by generator in case of power failure. In the laboratory we have equipment worth two lakhs. In-built shelves are provided for storing laboratory equipment.

2. Chemistry Lab

In this age of knowledge, a person who is indifferent to science and lacks a scientific temper will be left for behind in the race. Being “scientific”

involves being curious, observing and experimenting. A casual attitude towards science without a practical exposure is like a person without soul.

Our laboratories are the workshops that kindle scientific temper. They help to strengthen the foundation of basic principles for the greater pursuits of science awareness ahead.

“An ounce of application is worth a ton of theory“. Our Chemistry lab acquaints student with simple experiments, usage of acids and

bases, preparation of chemicals etc. It is the place of transformation of

- Complex to simple
- Perception to conception
- Illusion to enlightenment
- Ambiguity to clarity

3. Biology Lab

The well equipped BIOLOGY lab with considerable no.of microscopes, micro slides, Botany & Zoology charts, models, specimens and an overhead projector enable students to do their practical work with interest and at ease.

Students from classes IX to XII find it very comfortable to sit in the spacious & neatly maintained lab to do their observation and record work.

They are divided into batches to facilitate completion of their record work in the lab itself.

Added in the curriculum for practical observation for classes VI to VIII for which 5 marks are allotted in the Terminal examinations. This incentive makes the students of classes VI to VIII to do the practical work with added interest.

4. Computer Lab

It is a well equipped Air condition facility with the latest systems. We have all the peripherals Scanner, DVD writer, LCD to enable the students to do their practical work with interest and ease. Students from classes LKG to XII find it very comfortable to sit in the spacious and neatly maintained lab to do their practicals. Students are divided into batches to complete the year practicals within the stipulated time.

5. Play Field & Primary Lab

The management had gifted our kinder garden children a new ultra-modern play field with all play items. As it is fully enclosed, the students are safe and secured.

6. Atal Tinkering Lab

The Atal Innovation Mission's (AIM) key initiative of establishing a network of Atal Tinkering Laboratories (ATL) has a vision to 'Cultivate one Million children in India as Neoteric Innovators'. With the objective of creating scientific temper as well as cultivating the spirit of innovation and creativity among

young minds, ATL provides an enabling environment for students to innovate through a do-it-yourself approach. SBOA Matriculation & Hr. Sec. School, Coimbatore was selected by AIM from 13,000 schools that applied for the same across India. The fully furnished ATL Lab is equipped with sophisticated machines and instruments such as 3D Printers and Microcontrollers for honing the technical and innovation related skills of students. They will help to bring theoretical concepts to life and inculcate a range of skills including those pertaining to

design, computational thinking and physical computing. The lab has scheduled to organize regular activities like ATL classes in STEAM (Science, Technology, Engineering, Art and Math), workshops for students and teachers, intra and inter school competitions, guest lectures, mentoring sessions, summer camps, etc.

7. Library

This library has a total volume of 17000 books and 48 magazines to cater to the needs of the students and staff. This library

follows an open access system and books can be borrowed according to the schedule however any class can borrow after 3.50 P.M. till 5.15 P.M.

Apart from the regular services, this library extends the following service not only to quench the thirst of the budding readers but also to develop the various hidden talents of the voracious readers.

1.TEACH TO REACH METHOD

To enable the budding readers to develop reading habits, famous stories are asked to

read in the class and explained to them to understand the story and learn the story. The voracious readers are identified and given extra books for reading according to the standard of the student.

2. STORY TELLING

A mike is provided in the library to enable the students to tell the story they have read and thus the stage fear is overcome and training in public speaking is given, right from the third standard.

3. STORY WRITING COMPETITION

This encourages the budding readers of IV & V Std. to exhibit their art of story writing and encourages the habit of reading a variety of books and giving a platform to exhibit their writing skills. Who knows, Arundathi Roy, Arvinda Adiga, Anita Desai may blossom from this library.

4. TOFFEE QUIZ

To encourage the students in General Knowledge, a question is written on the notice board of the library. The students who answer will get the toffee and the name of the student will be

displayed to encourage other students to participate and thus the students are tempted to read and increase their general knowledge. The demand for general knowledge books is also created.

5. BRAIN BOX

To clear the doubts of students, a brain box is kept in the library where the students can drop their doubts and the best questions are displayed in the notice board along with the details of the students to encourage the other students. Thus retrieval of information is

done and the answers are found by the students by visiting the library and thus the particular set of students are trained how to find the particular answers.

This provides the opportunity to the students to make the optimum use of the library.

6. QUIZ CARDS

To indulge the students in the habit of reading general knowledge, quiz cards are available in the library to stimulate the students in the art of cultivating the habit of reading general knowledge.

There are about 5000 questions available.

7. QUIZ TEST

Every month a KG test is planned for the students in two categories one for the Junior category and the other for the senior category. Prizes are distributed to encourage the students to take part actively.

8. BOOK REVIEW COMPETITION

A book review competition is organized for the voracious readers of our school to bring out the hidden talents and to stimulate the reading habits of

various authors. This is a monthly programme and different authors are chosen to include all categories of the students.

9. DICTIONARY PRACTICE

To train the students to find meaning from the dictionary, worksheets and dictionaries are available in the library to ease them to acquire the art of finding the meaning of a word from the dictionary.

10. NEWSPAPER READING

To inculcate the newspaper reading habit among the

students right from third standard onwards individual newspapers are given. To check, motivate and appreciate the students, quizzes are conducted on the spot and prizes are given to the students.

The young world of the Hindu's supplement is given to the students. Students are asked to read the quizzes, stories and thereby encourage them to read regularly. For the higher classes questions are asked from the newspaper.

11. BEST READER OF THE WEEK

To encourage and to motivate the students in reading, during the library hours in each class, best readers are selected and their names and photos are displayed to attract other students in the habit of reading. Exclusively for this purpose an audio system is available in the library.

12. INTERNET SERVICES

24 hours unlimited BROADBAND connection is available in the library for the use of the students and staff and the same

can be used for enriching their knowledge.

13. REFERENCE SERVICES:

This library also has 900 reference books and encyclopedias for the students to clarify their subject doubts and to complete their project and aural oral examinations.

14. GK TRAINING

In the evening hours, a G.K session is conducted in the library where the quiz cards are distributed among the students and preparation for outside quiz competition is given.

All these types of services rendered will nourish the minds of the young ones to utilize their leisure time in a useful way.

Of course, OF ALL THE HUMAN RELAXATIONS, THE CHEAPEST AND SAFEST IS READING.

15. BOOK SHOP

The school runs a book shop which functions from 8.40am to 9.00am, 11.00am to 11.10am, 12.10 PM to 12.55 PM, 2.50pm. to 3.00pm. and 3.50pm till 4.30pm. Text books, Note books and other stationery items are available at reasonable prices.

PLAY FIELD

Basketball Court

Football ground

Ball badminton

Kho – Kho

Indoor Shuttle cork

Indoor Table tennis.

Cricket Pitch with Net

Tennis Court

INDOOR GAMES

Two courts for shuttle cork and Table tennis are functioning in the school premises and effective coaching is given to the promising young players to

excel in State and National Level Tournaments

Effective coaching is given in all the fields for promising young players to excel in State and National Level Tournaments.

AUDITORIUM

We have a large auditorium with a seating capacity of around 3000 people. It is equipped with Modern Music, Audio System and Special Acoustically perfect. All the Cultural Programs and Various Activities are Staged in the Auditorium.

SMART BOARD

SBOA School goes Hi-tech: In tune with the latest development in educational technology our school has installed smart boards in all 85 class rooms. Every class room is fitted with a wall mounted projector, permanent white board and Computer to run the same. All teachers were trained to operate the same. Our school has tie up with Hindustan Computer Limited (HCL) to run this system.

Now children of all classes find it interesting and easy to learn. The audio – visual effect is

supplementing the work of the teachers to a great extent. Children of kinder gardens are attracted to the animations and are able to learn the poems very easily.

UN Membership Citation

The S.B.O.A Matric. & Hr. Sec. School is a co-educational English-language school in Coimbatore, Tamil Nadu, India, established in June 1985 and run by the State Bank of India Officer's Association Educational Trust..

The school places great emphasis on upholding human rights, ensuring educational opportunities for all, promoting sustainability, enhancing higher education systems through capacity-building, fostering a sense of global citizenship, striving for peace and conflict resolution, tackling poverty, and facilitating higher education access for every aspiring individual. Moreover, the institution actively promotes the vital practice of "unlearning" intolerance, recognizing it as a crucial step towards fostering a

more inclusive and harmonious society. Through these values and commitments, S.B.O.A.MHSS aims to contribute meaningfully to the broader goals of education and societal progress.
