

Norwegian Shipowner's Association is a trade and employment organisation comprising more than 140 shipping and offshore companies in Norway. Our activities in respect of sustainability covers e.g. a number of different reports (some are issued in Norwegian which is our main working language), initiatives, guidelines, advice to members etc. In the list below we have covered activities which also includes 2021 (our ESG-guidelines which is still valid) and 2022 to provide a correct picture of NSAs focus on ESG as per. 2023.
