Dear Mr. Secretary - General,

I am pleased to confirm that Asocolflores reaffirms its support for the United Nations Global Compact and its ten principles in the thematic areas of Human Rights, Environment, Labor Standards and Anti-corruption.

Additionally, we commit to share this public document with our stakeholders through our communication channels. This report describes the processes carried out by Asocolflores and its members in the integration of the principles of the Global Compact in the business strategy, culture and daily operations of the Colombian floriculture.

During 2022 this integration was made visible through a series of milestones, metrics and tactics described in the Achievements Report that we present for this period and which summarizes the efforts of the flower growing sector to achieve a prosperous, sustainable and social welfare generator activity.

Sincerely,

**AUGUSTO SOLANO**  
President
