Where most people will die from climate chaos – “The Global South” overlaps the countries where there are the least number of UN Global Compact Local Networks.

Challenges facing the Decade of Action to Deliver Sustainable Development Goals, worldwide COVID-19 pandemic, looming hunger pandemic and climate chaos, can only be overcome by empowering multi-stakeholder partnerships (SDG#17)

Royal, Indigenous, Tribal, Faith-based and Community Leaders must work with the private sector, aid organizations, philanthropists, financial institutions, activists, governmental agencies, you and me, that improve the quality of life on Earth and of Earth, to heal the world and “leave no one behind” during this 4th Industrial Revolution for our children’s children and future generations.

<https://www.youtube.com/watch?v=uHCB8C0PqY>

### United Nations Global Compact 10 Principles

<https://www.unglobalcompact.org/what-is-gc/mission/principles>

The Ten Principles of the United Nations Global Compact are derived from: the Universal Declaration of Human Rights, the International Labour Organization's Declaration on Fundamental Principles and Rights at Work, the Rio Declaration on Environment and Development, and the United Nations Convention Against Corruption.

### Human Rights

Principle 1: Businesses should support and respect the protection of internationally proclaimed human rights; and

Principle 2: make sure that they are not complicit in human rights abuses.

### Labour

Principle 3: Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining;

Principle 4: the elimination of all forms of forced and compulsory labour;

Principle 5: the effective abolition of child labour; and

Principle 6: the elimination of discrimination in respect of employment and occupation.

### **Environment**

Principle 7: Businesses should support a precautionary approach to environmental challenges;

Principle 8: undertake initiatives to promote greater environmental responsibility; and

Principle 9: encourage the development and diffusion of environmentally friendly technologies.

### **Anti-Corruption and Transparency**

Principle 10: Businesses should work against corruption in all its forms, including extortion and bribery.

# Caring for Climate to build Community Resiliency

## WE SUPPORT Caring for Climate

Business leaders around the world realize that climate change and environmental degradation pose important new risks and opportunities for their companies' competitiveness, growth and development.

Through innovation and long-term investments in energy efficiency and low-carbon technologies, business has the solutions to turn the climate challenge into market opportunities.

The UN Global Compact, the UN Environment Programme and the secretariat of the UN Framework Convention on Climate Change invite all business participants – learners and leaders with proven track record of commitment to climate action – to join Caring for Climate by signing the Caring for Climate Statement.

Caring for Climate offers maximum value for signatories on a global level, including the ability to:

<b>Demonstrate Leadership</b>	• Demonstrate leadership in advancing practical solutions and strategies addressing climate change
<b>Increase Visibility</b>	• Align a climate change business strategy with a UN-led initiative that has high visibility
<b>Showcase Action</b>	• Communicate publicly a company's actions on climate change
<b>Share Best Practices</b>	• Share best and emerging practices and gain access to the experiences of peers
<b>Shape Policy Agenda</b>	• Shape the climate change policy agenda and call for policy frameworks that reward leadership and innovation

Companies can join Caring for Climate by endorsing the Caring for Climate Statement. To join, the highest-level executive should sign a copy of the Caring for Climate Statement or submit a letter indicating support of the Statement and send it to the Caring for Climate secretariat at [caring4climate@unglobalcompact.org](mailto:caring4climate@unglobalcompact.org).

## Principles of Responsible Management Education (PRME)

### 1. *Principle 1 | Purpose*

We develop the capabilities of students to be future generators of sustainable value for business and society at large and to work for an inclusive and sustainable global economy.

### 2. *Principle 2 | Values*

We incorporate into our academic activities, curricula, and organisational practices the values of global social responsibility as portrayed in international initiatives such as the United Nations Global Compact.

### 3. *Principle 3 | Method*

We will create educational frameworks, materials, processes and environments that enable effective learning experiences for responsible leadership.

### 4. *Principle 4 | Research*

We will engage in conceptual and empirical research that advances our understanding about the role, dynamics, and impact of corporations in the creation of sustainable social, environmental and economic value.

### 5. *Principle 5 | Partnership*

We will interact with managers of business corporations to extend our knowledge of their challenges in meeting social and environmental responsibilities and to explore jointly effective approaches to meeting these challenges.

### 6. *Principle 6 | Dialogue*

We will facilitate and support dialog and debate among educators, students, business, government, consumers, media, civil society organisations and other interested groups and stakeholders on critical issues related to global social responsibility and sustainability.

## United Nations Global Compact Local Networks Plan of Action 2021-2030

**Conflict and instability not only impact people and the environment, but also pose risks to all parts of the business sector.**

**Business for Peace is a platform of over 130 leading companies from 37 countries dedicated to catalyzing collaborative action to advance peace.**

By joining Business for Peace, companies will be able to:

- Better identify and manage business risks and opportunities while reducing operational costs
- Engage in public-private dialogue to establish local priorities and implement projects.
- Align business strategies and operations with good practice from across the globe
- Share best and emerging practices and learn from the experiences of peers
- Demonstrate leadership and receive recognition for advancing practical solutions

Companies who join Business for Peace commit to:

- Paying heightened attention to the implementation of the UN Global Compact Ten Principles in high-risk and conflict-affected areas
- Take action to advance peace, either individually or in collaboration with others
- Annually communicate on progress

Recognizing that local ownership and knowledge are vital to driving change, Business for Peace has adopted a locally-driven approach. Business for Peace works to develop the capacity of Global Compact Local Networks to support participants in their efforts to conduct responsible business practices and advance peace.

18 Local Networks have already joined this growing movement, including: Canada, Colombia, Egypt, Germany, India, Indonesia, Iraq, Israel, Mexico, Nigeria, Pakistan, Republic of Korea, Sri Lanka, Sudan, Turkey, Uganda, Ukraine and United Kingdom.

United Nations  
Economic Commission for Africa

## THE AFRICAN SUSTAINABLE DEVELOPMENT MAP

This brochure illustrates "at a glance" the support that the Economic Commission for Africa (ECA) is providing to its member States towards the implementation of the 2030 Agenda for Sustainable Development.

ECA's support currently falls under four broad areas to support evidence based policymaking for the implementation of the Sustainable Development Goals (SDGs) as well as Africa's own development vision, Agenda 2063 -The Africa We Want. These efforts are namely in the areas of:

- i) Data collection and analysis;
- ii) Technical support, advisory services and capacity development;
- iii) Development of knowledge products, facilitating knowledge-sharing as well as South-South & triangular cooperation; and
- iv) Reporting and follow-up support on the implementation of the SDGs and Agenda 2063

These areas will continue to progress as ECA responds to the evolving needs and demands of its member States in Africa.

To situate the SDGs in the African context, in January 2015, the African Union Heads of State and Governments adopted Agenda 2063, a strategic vision, for inclusive growth and sustainable development in Africa which was developed before Agenda 2030 for Sustainable Development was endorsed. In September of the same year, Africa also signed Agenda 2030, the global framework for achieving sustainable development which largely accommodated Africa's voice, presented through the Common African Position. Africa's agenda does not contradict the SDGs, it is more specific and more focused on the transformative policies that can make a difference for the continent.

Given the levels of congruence, synergies of both agendas have been harnessed in an integrated Regional Indicator Framework which is being finalised. This will allow for a coherent approach to implementation, monitoring and evaluation as well as facilitate efficiency and effectiveness of reporting on both agendas. Going forward, ECA will promote the combatting of illicit financial flows to help finance the implementation of both agenda.

## Sendai Framework and the Sustainable Development Goals

Sendai Framework  
for Disaster Risk Reduction  
2015-2030

SUSTAINABLE  
DEVELOPMENT GOALS

The Sustainable Development Goals Report is submitted every year to the High-level Political Forum (HLFP), drawing on data collected and reported by country on an annual basis. The first Sendai Framework Progress Report is expected in 2019 and will exceptionally cover trends in implementation for the two biennial cycles 2015-2016 and 2017-2018. In 2019, reporting on progress in achieving the SDG targets related to disaster risk reduction and in implementing the Sendai Framework, will be shared at the High-level Political Forum and Sixth Global Platform for Disaster Risk Reduction respectively.
