UN - Resolution 2024

Mrs. Durga K Nair, Principal, The Quest International School, Tirupur, Tamilnadu

Durga K Nair cares much about SDG 4: Quality Education, Global Goals.

Education is not a privilege, but a human right. It is the key to unlocking the potential of every child and every person. It is the foundation of a peaceful, prosperous, and sustainable world.

Yet, too many people are still denied this right, especially girls, refugees, persons with disabilities, and those living in poverty or conflict. Too many schools are still unsafe, overcrowded, or under-resourced. Too many teachers are still underpaid,

undertrained, or undervalued. Too many curricula are still outdated, irrelevant, or biased.

We cannot afford to waste the talents and dreams of millions of learners. We cannot afford to leave anyone behind. We cannot afford to fail our common agenda.

That is why we must join forces and work together to achieve SDG 4: Quality Education for all. We must ensure that every child has access to free, equitable, and quality primary and secondary education. We must ensure that every youth and adult has access to affordable and quality technical, vocational, and higher education. We must ensure that every learner acquires the knowledge and skills needed to promote sustainable development and global citizenship.

We have the vision, we have the commitment, we have the resources. Now we need the action. Let us make quality

education a reality for everyone,
everywhere, and for generations to come.

This is our common agenda. This is our
common future. This is our common
responsibility.
