## **UN Resolution 2024**

Mrs Buvana, Principal, Noida International Public School, Noida

Noida International Public School has long been dedicated to providing a learning environment that fosters not only academic excellence but also global citizenship, empathy, and social responsibility. Our efforts to promote holistic development and instill a sense of purpose in our students align with the vision of the Global Goals, as we strive to empower the next generation to become agents of positive change in the world.

In light of the United Nations' Resolution 2024 and the ongoing pursuit of sustainable development, we reaffirm our dedication to upholding the principles of Quality Education and the broader Global Goals. Through innovative pedagogical approaches, community engagement, and a steadfast commitment to nurturing well-rounded individuals, we aim to equip our students with the knowledge, skills, and values necessary to address the challenges of the 21st century and contribute meaningfully to society.

Let us continue to work together, in partnership with the global community, to ensure that every child receives a quality education and has the opportunity to fulfill their potential. Together, we can make a

difference and build a brighter, more sustainable future for all.
