OUR VISION
Our vision is to transform the educational landscape, to create the leaders for tomorrow by providing an all rounded education, and inculcating in them the traditional principles of love, respect and discipline.

OUR MISSION,

- Is to provide educational facilities that are on par with the finest educational institutions and hope to be a trend setter in the way the academic program is transacted in the classroom through qualified staff there by making the school a center of excellence in nurturing students with a holistic World view.
- To provide a safe environment that is conducive to learning.

The National UN Volunteers-India cares much about SDG 4 Quality Education, Global Goals

UN Resolution 2024

Whereas the pursuit of sustainable development is inseparable from the realization of quality education for all, and recognizing the transformative power of education in shaping a better future for our world,

Whereas the Global Goals set forth by the United Nations stand as a beacon of hope and opportunity for all nations and people,

guiding our collective efforts towards a more equitable and prosperous world,

Be it hereby resolved that Nurture International School, under the leadership of Principal T. Sujatha, reaffirms its unwavering commitment to the principles enshrined in SDG 4 - Quality Education and the broader Global Goals agenda.

We declare our dedication to providing an inclusive, equitable, and quality education for all students, nurturing their intellectual growth, fostering critical thinking, and instilling the values of global citizenship, sustainability, and respect for diversity.

We pledge to integrate the Global Goals into our curriculum, empowering our students to

become agents of positive change in their communities and beyond, and to support initiatives that advance education as a fundamental human right and a catalyst for progress.

We stand united in our resolve to collaborate with stakeholders, governments, and civil society to promote access to quality education, ensure the professional development of educators, and create learning environments that inspire creativity, innovation, and lifelong learning.

May this declaration serve as a testament to our shared commitment to SDG 4 and the Global Goals, and may our collective efforts lead to a world where every individual has the opportunity to fulfill their potential, contribute to society, and build a more

sustainable and peaceful planet for future generations.

Regards,

T. Sujatha, Principal, Nurture International School, Chikmagalur, Karnataka
