The National UN Volunteers-India cares much about SDG 4 Quality Education, Global Goals

UN Resolution 2024

Daly Felicitus

Psychologist, Mahima College of Nursing,
Ballari, Karnataka

"Let us stand united in our commitment to achieving SDG 4 - Quality Education, for it is through education that we pave the way for a brighter, more prosperous future for all. Education is the bedrock upon which sustainable development and global progress are built. As we strive to uphold the Global Goals, let us remember that investing in education is investing in the

potential of every individual, in the advancement of societies, and in the betterment of our world. Let our actions today echo through generations, as we ensure that every child, regardless of their background, has access to quality education. Together, let us empower minds, transform lives, and build a world where knowledge knows no bounds and opportunities abound for all."
