UN – Resolution 2024

As a school principal, a resource person, and a team leader of the National UN Volunteers–India, I declare my full support for the UN Resolution 2024 and the SDG 4 Quality Education.

I believe that ensuring inclusive and equitable quality education and promoting lifelong learning opportunities for all are essential for achieving sustainable development and peace.

I commit to taking action in my school and community to raise awareness, mobilize resources, and implement initiatives that contribute to these global goals.

I also pledge to collaborate with other stakeholders, such as the government, civil

society, and the private sector, to create synergies and partnerships that can enhance the impact and reach of our efforts.

I urge all of you to join me in this noble cause and make education a priority and a right for everyone. Together, we can make a difference and shape a better future for ourselves and the generations to come. Thank you.
