Resolution 2024**

Dr Parvati

The National UN Volunteers-India cares much about SDG 4 Quality Education, Global Goals

UN Resolution 2024

Dr Parvati is an educator, teaches in Shah International School, Delhi

As an educator, I strongly believe in the power of education to transform lives and societies. Education is not only a human right, but also a key driver of sustainable development.

That is why I support the SDG 4 Quality Education and its vision of ensuring

inclusive and equitable quality education and promoting lifelong learning opportunities for all.

I pledge to do my part in advancing this goal, by providing quality education to my students, by advocating for more resources and policies for education, and by raising awareness of the importance of education for all.

I urge everyone to join me in this commitment and to support the SDG 4 Quality Education. Together, we can make a difference for the present and future generations.
