

To our stakeholders

Bolzano/ Innsbruck, 17th January 2024
ZI. 50838A

We recognize that a key requirement for participating in the UN Global Compact is the annual preparation and publication of a Communication on Engagement (COE), which includes a statement from the CEOs on continued support for the UN Global Compact, a description of practical actions to support the UN Global Compact, and a measurement of outcomes or expected outcomes.

As we plan to implement the European Corporate Sustainability Directive for BBT in 2024, we would like to align our internal reporting cycle with the COE deadline. We therefore ask that our COE deadline is adjusted to December 22nd 2024.

Yours sincerely,
