# School students display 100-meter national flag in Belgaum

In a show of patriotism and pride, school students from YVS institutions displayed a 100-meter long national flag on the streets of Yamakanmardi, a village in Belgaum district, on the occasion of the 75th Republic Day.

The students, in school uniform, carried the flag along a 2-kilometer stretch, chanting slogans of "Bharat Mata Ki Jai" and "Vande Mataram". The flag, which was

made of khadi cloth, weighed about 250 kilograms and required the coordination of more than 200 students to hold it.

The event was organized by the YVS institutions, which run several schools and colleges in the region, to instill a sense of national unity and respect among the students and the villagers. The flag rally was also a tribute to the freedom fighters and martyrs who sacrificed their lives for the country.

The flag rally was inaugurated by the school authorities who praised the students for their enthusiasm and spirit. They also said that Belgaum, which is home to the country's tallest national flag, has a special place in the history and culture of India.

The flag rally was followed by a cultural program, where the students performed various dances and songs related to the national theme. The program ended with the singing of the national anthem and the

distribution of sweets among the participants and the spectators.

The flag rally was widely appreciated by the villagers and the media, who hailed it as a unique and inspiring initiative. The students said that they felt proud and honored to be part of the flag rally and that they learned a lot about the values and traditions of India.
