Communication on Engagement (COE) to the UN Global Compact

Period Covered:

Start Date: February 2023

End Date: February 2024

Statement by the Executive Director:

As the Executive Director of Rainbow Ignite Organization, I reaffirm our unwavering support for the UN Global Compact and renew our commitment to its principles. We understand the critical role that businesses play in advancing sustainable development, and we are dedicated to integrating these principles into our operations and culture. Through our continued participation in the Global Compact, we strive to contribute to a more sustainable and inclusive world.

Practical Actions Taken to Support the Global Compact:

Engaging with Global Compact Local Networks:

- Actively participating in local network events and initiatives to share best practices and collaborate with like-minded organizations.
- Initiating dialogues with stakeholders within the local networks to address sustainability challenges and opportunities.

Partnership Projects on Corporate Sustainability:

- Forming partnerships with other organizations to undertake projects that promote corporate sustainability.
- Contributing resources and expertise to joint initiatives aimed at addressing environmental, social, and governance (ESG) issues.

Engaging Companies in Global Compact-Related Issues:

- Advocating for Global Compact principles and encouraging other companies to join the initiative.
- Hosting workshops, seminars, and training sessions to raise awareness about the Global Compact and its relevance to businesses.

Sharing the COE with Stakeholders:

Our COE is actively distributed to all key stakeholders, including investors, employees, beneficiaries, and the local community. We believe in transparent communication and actively seek feedback from our stakeholders to continually improve our sustainability efforts.
