

Part I. Statement of Continued Support by the Chief Executive or Equivalent

Statement of Continued Support

10th March 2024

To our stakeholders:

I am pleased to confirm that Daffodil International University reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labour, Environment, and Anti-Corruption. This is our Communication on Engagement with the United Nations Global Compact. We welcome feedback on its contents.

In this Communication of Engagement, we describe the actions that our organization has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our stakeholders using our primary channels of communication.

Sincerely yours,

✓ For *KNA* 10/3/2024

Dr. Mohammed Nadir Bin Ali
Registrar
Daffodil International University

Part III. Measurement of Outcomes

- Women's Empowerment: Track the participation of women in decision-making processes, including political representation and corporate leadership.
- Access to Resources: Evaluate women's access to resources such as land, finance, and technology.
- Violence Against Women: Monitor rates of violence against women and girls, including intimate partner violence and human trafficking.
- Gender-sensitive Policies and Programs: Assess the implementation of policies and programs that promote gender equality and women's rights.
- Conservation of ecosystems and biodiversity.
- Reduction in pollution levels and waste generation.
- Implementation of sustainable land use and resource management practices.
- Promotion of eco-friendly technologies and green innovation.
- Enhancement of environmental awareness and stewardship.
- Increased enrollment rates and access to quality education.
- Improvement in literacy and numeracy rates among target populations.
- Expansion of educational infrastructure and resources.
- Enhanced educational equity and inclusivity, particularly for marginalized groups.
- Development of relevant skills and competencies for sustainable development.
- Reduction in greenhouse gas emissions.
- Adoption of renewable energy sources and sustainable practices.
- Resilience building and adaptation measures in vulnerable communities.
- Conservation of natural resources and biodiversity.
- Mitigation of climate-related risks and disasters.
