To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report since we aim to share our value creation story in a better way through an Integrated Annual Report. The consolidation of data for the year of 2023 will be completed in June 2024.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 9 July 2024 at the latest.

Sincerely yours,

Prof. Dr. Guler ARAS
Founding Director
