Dear Secretary General,

Please allow this to serve as the Communication of Engagement (COE) of Ha' Yisrayli Torah Brith

Yahad & Mizrahi Ethiopian Jewish Int'l Rabbinical Council (NGO)

In order to best serve our commitment to the United Nations Global Compact (UNGC) we have incorporated the principles of the UNGC into our establishment and we've initiated and completed various activities to show our support as well.

Ha' Yisraeli Torah Brith Yahad is a Multi-Ethnic & Cultural Torah-based International Society of Communities, Ministries, Institutions and Organizations. We promote inter-cultural & inter-religious evidence based Naturopathic & Traditional Chinese Medicine models of Primary Care, healthy nutrition & dietary counseling, Integrated pastoral care & community leadership training in addition to the following:

- We continue to provide Humanitarian Medicine & Human Rights advocacy.
 - We work domestically & internationally with other NGO's to provide Integrative healthcare in rural/impoverished communities. We combine the use of evidence based Oriental medicine, Naturopathic & Homeopathic health care Integrated with Western Medicine to promote optimal health, wellness, and the quality of life. To further promote these efforts, we've established a virtual pharmacy to provide cost-effective; FDA, cGMP, and NSF compliant prescription medications and nutritional supplements. Furthermore, we have now contracted with the Sickle Cell Foundation to lead a New Gov't & publicly funded Integrative Wellness Center, to address the needs of the Sickle Cell and Thalassemia population covering the entire state of Georgia. We've also integrated Oncology Care as well.
- Collaborating with various NGO's, domestic and abroad in efforts to help resolve the crisis in the Middle East between Israelis and Palestinians, especially regarding the accusations of genocide against the indigenous people of Palestine, & to bring awareness to & find effective solutions to combat Neo-Colonialism & prevent the return to 1930s Jim Crow & Segregationism
- ○ We also seek to bring awareness to the public regarding the systemic marginalization of Ethnic Jews of Color (Mizrahi, Yemenite & Ethiopian Jews) within the State of Israel & abroad & educate the public on the differences between Ethnic Jews of Color & Zionist Ashkenazim & the fact that Jew does not automatically equal white or European

- Via the CHY-OIU we provide affordable education & offer low cost monthly subscriptions for students during their enrollment periods. We collaborate with multiple government-registered institutions in various countries to offer dual certification, diploma, undergraduate & post graduate degree programs. To give a broad spectrum of the subjects we administer - such programs include but are not limited to: Integrative & Pastoral Medicine, Nutrition, Hebrew Midwifery, Business Education, Leadership & Diplomacy, Education & Early Childhood Development, Farming & Agricultural Advancement, Fencing & Landscaping, etc. All of which are in addition to the traditional Rabbinical programs we offer for Jewish leadership development.
 - *We have incorporated the principles complicit with the support and protection of internationally proclaimed human rights. We've designed practical solutions geared against child labor & corruption, domestic abuse & violence, subjugation, and human sex trafficking toward women and children – among others – into the basis of our curriculum in order to disseminate our shared values of the UNGC principles.*
