Associació Cívica la Nau  
Non-food products bank

# Letter from the President

*As we do every year, we enthusiastically share our annual report of the activities of the Non-Food Products Bank, La Nau. We appreciate the opportunity to highlight the progress, successes and challenges we have faced as an organisation during the year 2023.*

*This report reflects the collective and committed work of all the people who make up the organisation: members, collaborators, corporate donors, institutions, volunteers and the Board of Directors.*

*It is a testament to our core values and our dedication to serving vulnerable people and contributing to a fairer society.*

*La Nau, in its mission to preserve the environment, has carried out various initiatives to improve sustainability. We are proud to announce that we continue to work to calculate our carbon footprint and we can affirm that we are a CO2 neutral entity, in line with our commitment to the United Nations.*

*The fight against climate change and the promotion of a fairer society are urgent challenges that need a collective and committed response.*

*We sincerely thank you for your continued support and send you our warmest regards.*

*Yours sincerely*

*Emilia Català  
President*

# Mission, vision and values

- **Mission**

facilitate the ethical and efficient redistribution of surplus non-food products from companies to social entities, ensuring that they reach vulnerable families and people at risk of social exclusion. We seek to promote equity and reduce the gap in access to essential goods in order to build a fairer and more supportive environment.

- **Vision**

to be the sustainable bridge between companies committed to social responsibility and social entities, being a benchmark in the ethical redistribution of non-food products to generate a significant impact on improving the quality of life of vulnerable communities.

# Mission, vision and values

## VALUES

- **Solidarity:** We believe in the importance of working together to stand up for those who need it most.
- **Transparency:** We maintain open and transparent communication in all our actions and decisions.
- **Equity:** We seek to ensure equitable access to essential products, without discrimination.
- **Sustainability:** We promote responsible and sustainable resource management practices to minimise our long-term impact.
- **Commitment:** We pledge to work tirelessly to improve the living conditions of disadvantaged communities.

# Who we are, what we do (I)

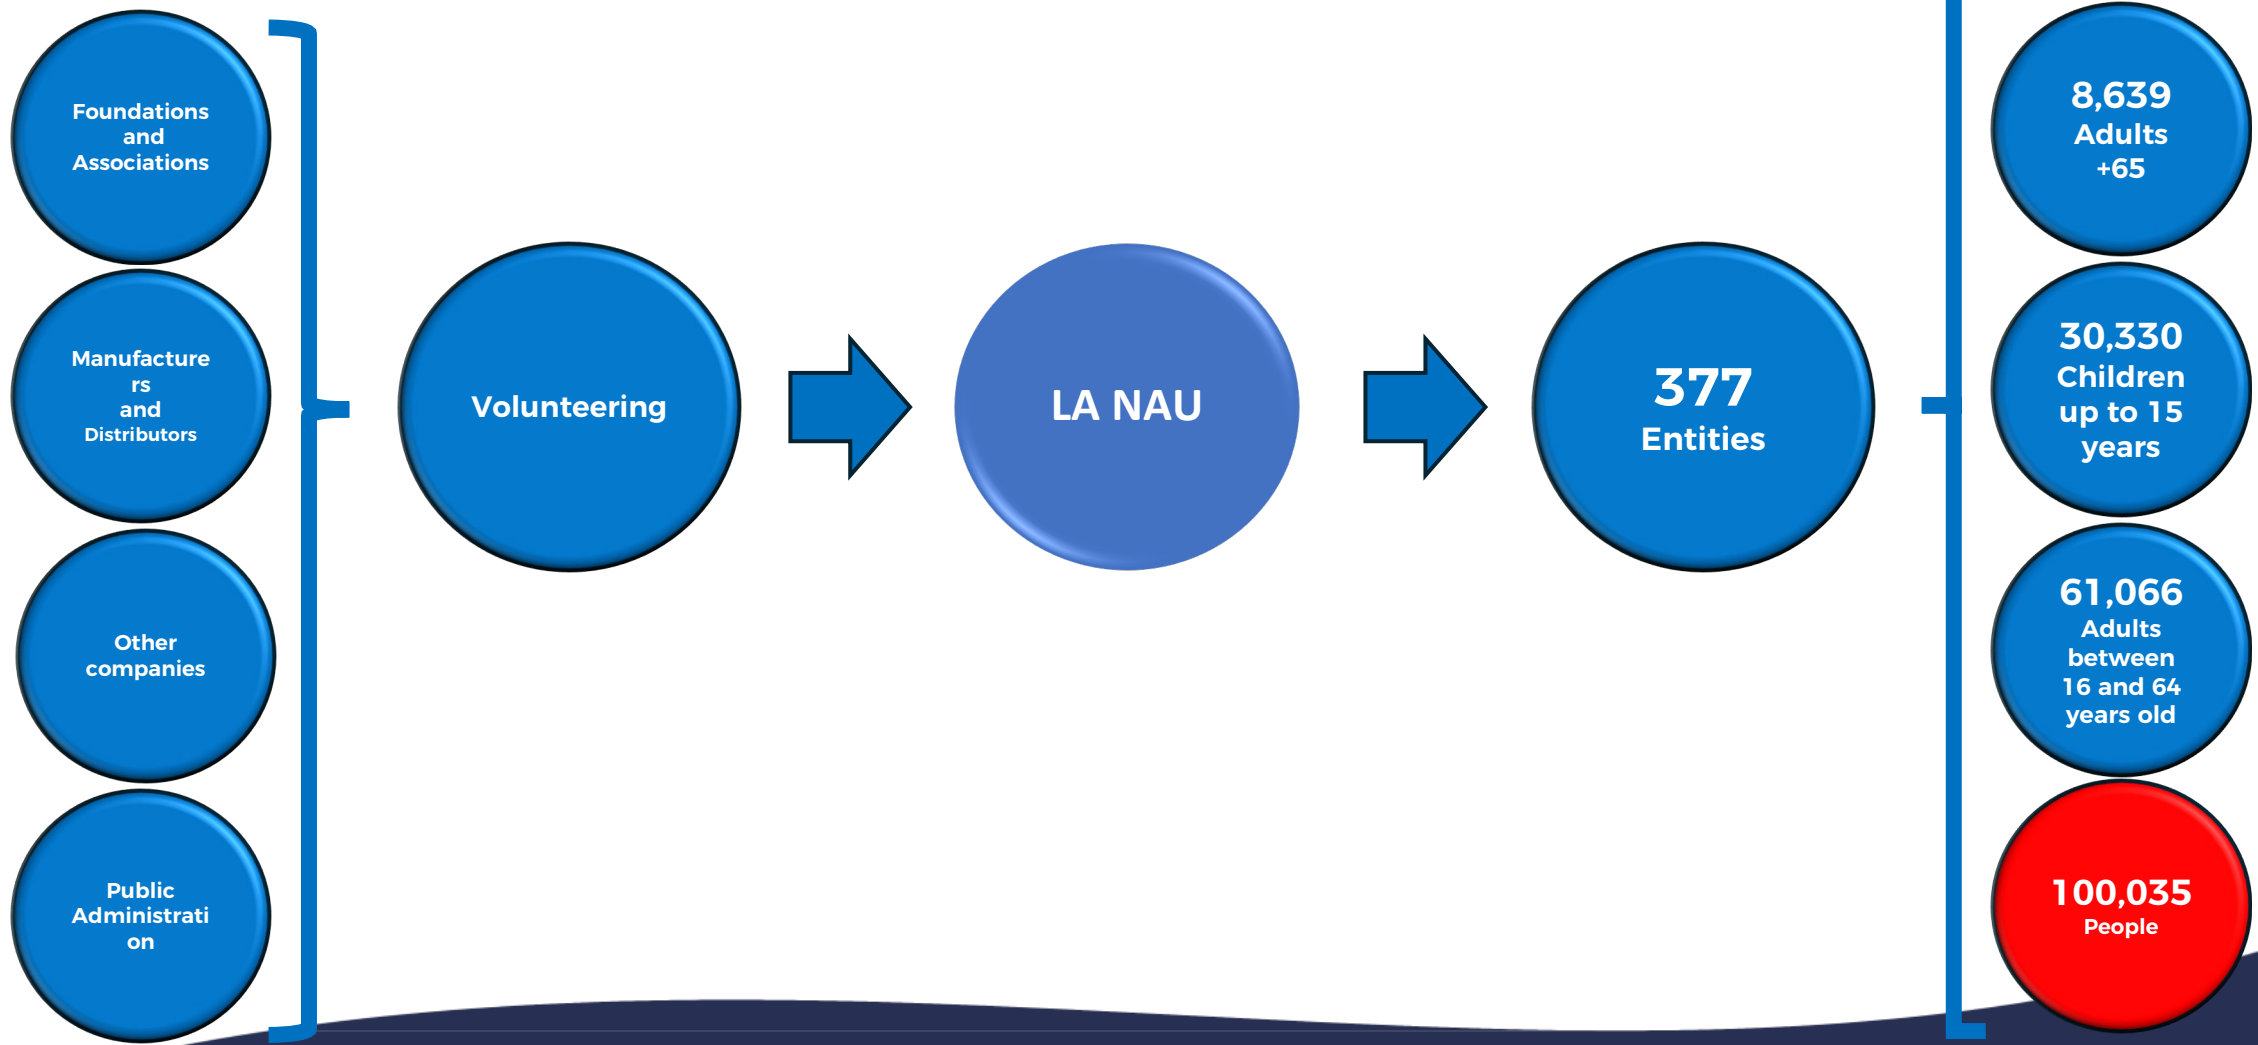

## La Nau

L'Associació Cívica La Nau is a **bank of non-food products** created in 1998 that collects surplus production from companies, mainly from the following sectors:

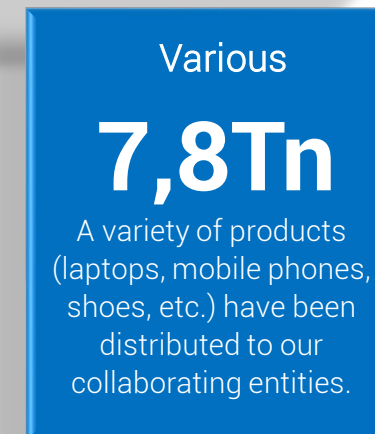

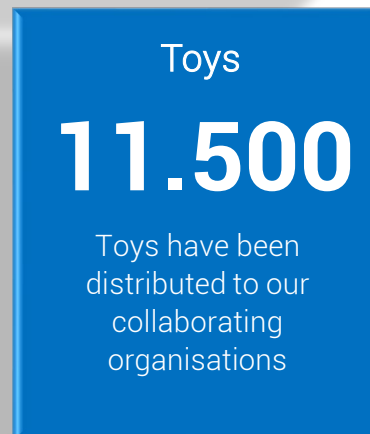

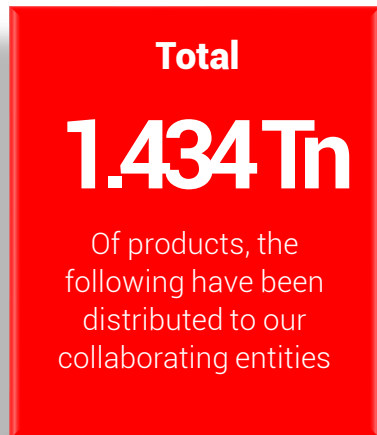

- ✓ Personal hygiene
- ✓ Household cleaning
- ✓ Clothing
- ✓ Footwear
- ✓ Homeware

It distributes them to groups that are at **risk of** or already suffering from **social exclusion**.

# Management 2023

The aim of the Asociación Cívica La Nave is to serve as a bridge between companies with production surpluses and entities and organisations that serve **groups** at risk of **social exclusion**.

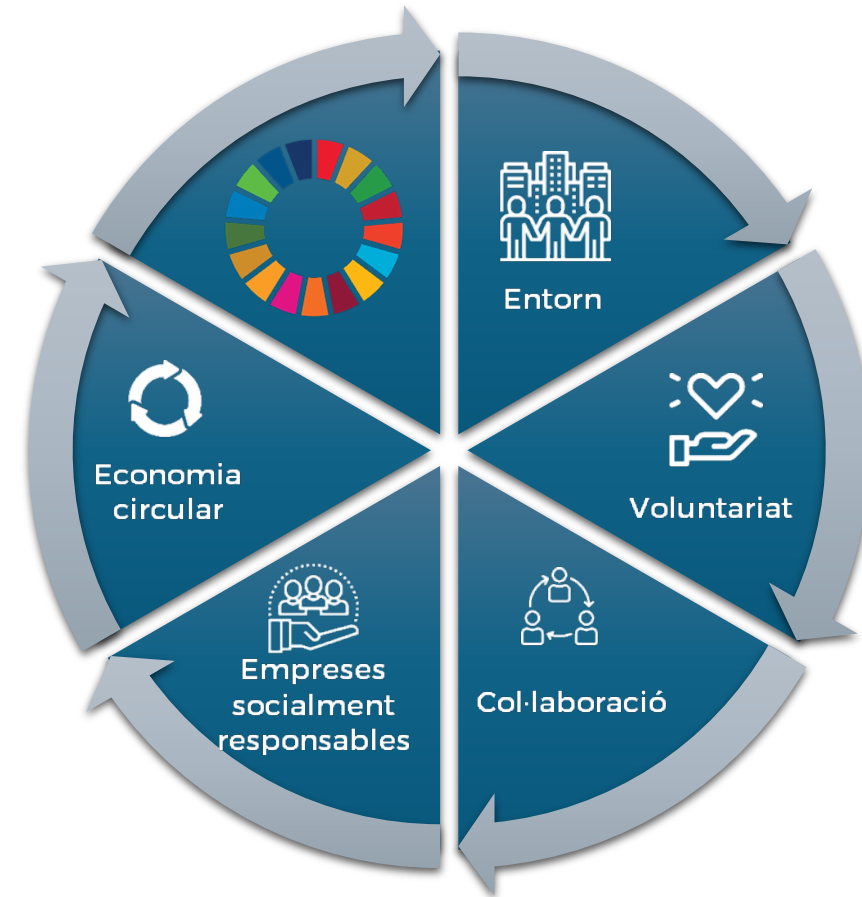

Economic growth in developed countries has given rise to what is known as the **fourth world**, an expression that encompasses all those people living in developed countries who are excluded or at risk of social exclusion. The economic crisis, rising **unemployment** and job insecurity add to the social and economic problems that these groups already face.

Groups we serve:

- **Ethnic minorities**, either with residence and/or work permits, or in an illegal situation.
- **Broken families** due to alcoholism, drug addiction, etc...
- **Single-parent families** with strong economic insecurity.
- **Older people** living alone, with few economic resources.
- **Children and adolescents** who belong to families with few economic resources and who, in the short and medium term, will encounter many obstacles in joining a society that they do not understand and that often does not accept them....

## Our work is based on:

- a. The fight against poverty in **our** immediate **environment**.
- b. I work on the principle of **partnership**.
- c. The work of **volunteers**, based on professional criteria.
- d. Facilitate the relationship between **socially responsible companies** and social entities.
- e. Integration and development of **the circular economy** of own and external resources.
- f. Aligning our business with emissions reductions and the **UN** SDGs

## La Nau

Following our commitment to the United Nations in 2021, in 2023, and with the invaluable help of the consultancy, **Anthesis**  we have calculated and offset our carbon footprint, scopes 1, 2 and 3. We can say that we are "carbon neutral".

The carbon footprint is the impact that our activities have on the environment and is expressed in tonnes of CO<sub>2</sub> equivalent CO<sub>2</sub> e, which in **2023** was **40.13 t CO<sub>2</sub> e**.

It is calculated from the Greenhouse Gas (GHG) emissions generated.

## WHAT EMISSIONS HAVE WE GENERATED?

### SCOPE 1: DIRECT EMISSIONS

### SCOPE 2: INDIRECT EMISSIONS LINKED TO ELECTRICITY CONSUMPTION 4.62 %.

### SCOPE 3: OTHER INDIRECT EMISSIONS

100 %

**40,13** tCO<sub>2</sub>e

**We have offset 100% of our emissions with GHG emission reduction projects.**

The calculation has been prepared following the reference framework of "The Greenhouse Gas Protocol, in Corporate Accounting and Reporting Standard", developed by the World Business Council for Sustainable Development. For the calculation of Scope 3 emissions, the methodology established in "The Corporate Value Chain (Scope 3) Accounting & Reporting Standard" published in 2011 by the World Resources Institute (WRI) and the World Business Council for Sustainable Development (WBCSD) is followed.

## UN SDGs that the Nau works on

**1.1** By 2030, eradicate extreme poverty for all people in the world, currently measured by an income per person of less than \$1.25 per day.

**1.2** By 2030, reduce by at least half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions.

**3.3** By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne and other communicable diseases.

**3.9** By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution.

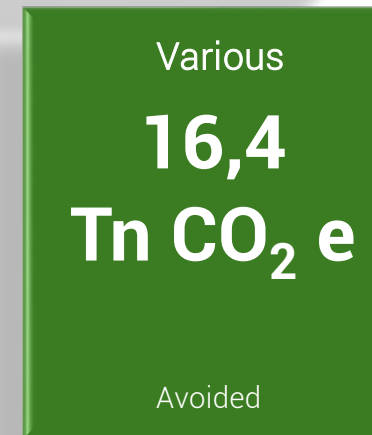

**10.2** By 2030, enhance and promote the social, economic and political inclusion of all people, irrespective of age, gender, disability, race, ethnicity, origin, religion or economic or other status

**17.17** Encourage and promote effective partnerships in the public, public-private and civil society spheres, drawing on the experience and resourcing strategies of partnerships
