

July 2nd 2024

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a COE statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to an internal team restructuring. The individuals responsible for the Annual Report, which we include in our COE, left their positions before completing the document. Therefore, we are working diligently to gather this important information to properly post the report. We are committed to continuing our participation in the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by August 2nd, 2024 at the latest.

Sincerely yours,
