Day: 7, Water Audit  
SBOAMHSS - Coimbatore

Students are as water auditors in Coimbatore city

On April 23rd, 2024, student volunteers from SBOAMHSS in Coimbatore participated in the Jal Shakti Abhiyan by conducting a water audit in their school premises. The audit aimed to raise awareness about the environmental impact of water consumption and promote the Jal Shakti Abhiyan motto "Catch the Rain." Students actively engaged in measuring water consumption and suggested methods to reduce usage. This initiative demonstrates a proactive approach to water conservation and environmental consciousness among the youth.

Jal Shakthi Bhavan Day

SBOAMHSS - Coimbatore ( The UN designated school in India)

Day 1 (17.4.24) Catch the Rain Pledge

Day 2 (18.4.24) water warrior badges for teachers and volunteers

"Amidst great enthusiasm and fervor, the National UN Volunteers-India Jal Shakthi Bhavan Day was celebrated at SBOAMHSS in Coimbatore. The event commenced with the 'Catch the Rain Pledge' on Day 1 (17.4.24), where students, teachers, and volunteers united to pledge their commitment to water conservation and sustainable usage by catching rainwater.

Continuing the momentum, Day 2 (18.4.24) saw the recognition of the dedicated individuals as 'water warriors.' Teachers and volunteers were proudly adorned with water warrior badges as a token of appreciation for their efforts in promoting water conservation and environmental stewardship within the school and the community.

The event not only served as a platform to raise awareness about the importance of water conservation but also inspired a collective sense of responsibility towards preserving this invaluable natural resource. Through these initiatives, the UN designated school in India exemplified its unwavering commitment to sustainable development and environmental consciousness.

The National UN Volunteers-India Jal Shakthi Bhavan Day at SBOAMHSS in Coimbatore stands as a shining example of proactive engagement and advocacy for a sustainable future, leaving an indelible mark on the journey towards a water-secure world."

**ENSURING SUSTAINABLE WATER INFRASTRUCTURE at SBOAMHSS - A Review**

As part of the National UN Volunteers-India's involvement in the Jal Shakti Abhiyan and the Jal Jeevan Mission, SBOAMHSS in Coimbatore, Tamil Nadu, underwent a comprehensive status check review for its piped water supply connection on Day 3 (19.4.24). The primary focus of the review was the evaluation of the school's Push Button Taps, aligning with the mission's vision for sustainable water management and access to clean water.

The review aimed to assess the functionality and efficiency of the school's piped water supply connection in the context of the Jal Jeevan Mission's objectives. It was conducted with a commitment to ensuring the availability of safe and reliable water for the students and the wider community.

🔗 **Current Status Overview:** The review revealed significant strides in the school's efforts to maintain a consistent and reliable piped water supply connection. The existing infrastructure showcases resilience and provides a foundation for further enhancements to meet the mission's standards for water accessibility and sustainability.

🔗 **Focus on Push Button Taps:** One of the focal points of the review was the examination of the Push Button Taps within the school premises. These taps play a crucial role in promoting efficient water usage and hygiene practices. The review highlighted the importance of maintaining these taps to ensure minimal water wastage and to instill good sanitation habits among students and staff.

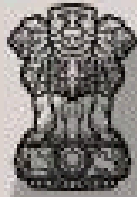

🔗 **Future Actions:** While the current status of the piped water supply connection and the Push Button Taps is commendable, the review identified opportunities for proactive maintenance and potential upgrades to further enhance water efficiency and conservation practices. It is imperative to adopt a preventive maintenance approach to sustain the functionality of the water supply infrastructure.

The SBOAMHSS community remains dedicated to the principles of the Jal Jeevan Mission and acknowledges the significance of fostering a sustainable water ecosystem. This status check review serves as a testament to the school's ongoing commitment to providing clean, accessible water to its stakeholders.

The review not only presents an opportunity for reflection but also underscores the school's proactive engagement in supporting the mission's goals. SBOAMHSS is poised to continue its role as a UN-designated school, contributing positively to the broader vision of the Jal Jeevan Mission.

Jal Shakti Abhiyan - 17 April - 30 April

SBOAMHSS - Coimbatore, The UN designated school in India

On the fourth day of the Jal Shakti Abhiyan event held at SBOAMHSS in Coimbatore, India, the focus was on the theme "Catch the Rain" with the purpose of emphasizing the importance of creating rainwater harvesting structures tailored to the local climatic conditions and sub-soil composition.

The objective was to encourage states and various stakeholders to promote the active involvement of the community in rainwater harvesting initiatives.

During the event, awareness was disseminated by Mr. Ravi, a volunteer teacher from the Physical Science Department who also serves as the academic supervisor.

His role was crucial in educating participants about the significance of catchment rainwater, highlighting when and where it falls and emphasizing the necessity of adapting rainwater harvesting methods to specific environmental conditions.

This initiative showcased the commitment of the National UN Volunteers-India and the designated UN school, SBOAMHSS in Coimbatore, in promoting sustainable water management practices and fostering community engagement in water conservation efforts.
