The National UN Volunteers-India World Blood Donor Day - 14 June 24

Shristi English Medium School gathered to celebrate World Blood Donor Day on 14th June 2024. A day dedicated to honour the remarkable individuals who selflessly donate their blood to save lives. This day is not just a reminder of the importance of blood donation, but a heartfelt tribute to those heroes who give a part of themselves to ensure the well-being of others. Beginning with the blessings from Almighty makes any occasion an auspicious one as began the celebration with a beautiful prayer by our students.

Some of our faculty members Mr. Rikesh Shelat, Mr. Jagdish Vasava - Mr. Yogesh Vasava donated blood and then started to spread awareness among students about the World Blood Donor Day and the importance and significance of Blood Donation.

Our President madam Ms. Madhura Jang shared a testimonial how the recipient benefited from blood donation and how crucial it was to make it possible at that time. She also informed the students about the blood donation process, safety, and eligibility criteria followed by displaying the common myths and fears associated with blood donation.

We also organised a drawing competition based on the theme of World Blood Donor Day which was both engaging and educational for the students of all grades.

The theme 'Bloodless Maharashtra' particularly was the centre of idea for today's drawing competition. This initiative was taken by Art teacher Mr. Rishabh Vasava whose involvement and enthusiastic approach inspired our students.

A heartfelt gratitude to Blood Donors around the world who donate blood and save many lives.

It is our duty to foster a spirit of generosity and community care in our students. Together, we can ensure that when someone needs blood, there will always be a helping hand, a heart, ready to donate blood.

World blood donor day - June 14

SBOAMHSS Coimbatore-The UN
designated school in India

In recognition of World Blood Donor Day on June 14, the students of SBOAMHSS Coimbatore, a distinguished UN designated school in India, participated in an insightful and educational blood grouping activity. This event was orchestrated by the dedicated staff members Mrs. Sheela Rose, the school nurse, and Mrs. Yogeshwari, the Class XII Biology teacher.

The blood grouping activity aimed to educate students about the critical importance of blood donation and the role it plays in saving lives. Mrs. Sheela Rose and Mrs. Yogeshwari demonstrated the blood grouping process through a series of practical steps, ensuring each student understood their blood type and the basics of blood compatibility.

This hands-on experience not only enhanced the students' practical knowledge but also instilled a sense of social responsibility and the importance of voluntary blood donation. The event was part of a broader initiative by the National UN Volunteers-India to promote awareness and participation in life-saving activities among young individuals.
