Part 11. Description of Actions

Born to be Beautiful forged strategic partnerships that initiated impactful projects aimed at delivering vocational education aligned with the United Nations Sustainable Development Goals (SDGs) 4 and 8. These initiatives are designed to provide high-quality education and vocational training in beauty skills, addressing disparities in gender and income while fostering entrepreneurship, economic empowerment, and job creation. Together, we multiplied our capacity and enabled Born to be Beautiful to drive transformative change and build a more equitable and sustainable future for all our students. To date, we have taught 150 young women vocational beauty skills.
