Dear Mr. Secretary-General,

I am pleased to inform you that Mor Salkim Women's Solidarity Association endorses the ten principles of the UN Global Compact which focuses on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement and promote these principles to its fullest. We will make a clear statement of this commitment to our stakeholders and the general public in order to optimize awareness within our community. We most certainly undertake to take part in the events and the activities of the UN Global Compact – for instance, engagement in local and international projects, cooperation with global partners where suitable and feasible.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

With best regards,

Ms. Dilek Uzumculer
Founder & President
