Dear Mr. Secretary General,

I am pleased to confirm that MAHAK - the Society to Support Children Suffering from Cancer, supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN global Compact where appropriate and feasible – through, for instance, participation in national and international networks, involvement in specialized initiatives; engagement in partnership projects; addressing the issue of Corporate Social Responsibility (CSR) and reviewing and providing commentary to participating companies on their communications on progress.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *Two years* of joining the Global Compact and *every Two years* thereafter according to the Global Compact COE policy.

Sincerely Yours,

Arash Ahmadian
Chief Executive Officer
