H. E. António Guterres
Secretary-General
United Nations
New York, NY 10017
USA

I am pleased to confirm that MasterPeace supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

MasterPeace realizes the urgency of the sustainable development agenda and partnership networks. We already act as an implementation partner for many locally engaged volunteers and built on partnerships with civil society, private businesses, social entrepreneurs and governments. Projects are often focused on working towards SDG 4 - 'Education', SDG 11 - 'Inclusive Cities and Communities' and SDG 16 - 'Peace and Justice'. Particularly, SDG 16 portrays the MasterPeace DNA, as can be seen in our mission statement, 'mobilizing talents for a sustainable future with less armed conflicts'. We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Expand our efforts on initiating and implementing partnerships on corporate sustainability.
- Support UN Global Compact business participants with implementation of SDGs.
- And we will look into the possibility of connecting Global Compact Local Networks with MasterPeace local Clubs of volunteers in +45 countries.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Mr. Aart Bos
CEO MasterPeace Foundation
