Dear Mr. Secretary-General,

I am pleased to confirm that *Kutpoint Ltd* supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. *Kutpoint* will make a clear statement of this commitment to our stakeholders and the general public.

Since 2014, we have put our knowledge in building online social learning communities to developing MUNPlanet as a global community of young leaders, thinkers, and activists interested in the United Nations and sustainable development - and thus extend our support for the achievement of the Sustainable Development Goals. Our efforts are centered on learning opportunities and knowledge exchange on the matters of global importance, and since 2014 MUNPlanet has managed to engage around three million young people around the world.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

Sincerely yours,

Ms. Dušanka Ilić
