Dear Mr. Secretary General,

I am pleased to confirm that "OM EDUCATION & WELFARE SOCIETY" supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible—through, for instance, participation in Country/Local Networks; involvement in specialized initiatives and work streams; engagement in partnership projects. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our welfare society and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

President
Om Education & Welfare Society
