Dear Mr. Secretary-General,

I am pleased to confirm that The Hunger Project supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact by participating in relevant events through the UNGC Local Network, sharing relevant learnings with other members, and seeking strategic partnerships that align with supporting the UN Global Compact's ten principles and The Hunger Project's mission and values.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

John Coonrod
Executive Vice President, The Hunger Project
