Dear Mr. Secretary-General,

I am pleased to confirm that HAJI IDREES SURCHY CHARITY FOUNDATION (HISCF) supports the Ten Principles of the Global Compact on human rights, labour, environment and anti-corruption. With this communication we express our intent to implement those principles in our activities in order to create a better life.

We are committed to uphold the ten principles of the Global Compact to make them part of our strategy, work ethics and operations of our charity and also to extend our support to advance the broader development goals of the country and especially the sustainable development goals (SDGs).

We recognize that a key requirement for participation in Global Compact is the submission of a Communication on Engagement (COE) that describes our foundation's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Dr. Mohamad Bachar Al-Ghrawi,
