**Subject : Entry letter United Nations Global Compact by Schiphol Group**

Dear Mr. Secretary-General,

I am pleased to confirm that Schiphol Group supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence.

We are committed to making the UN Global Compact and its ten principles part of the Schiphol Group strategy, culture and day-to-day operations, and where possible, to engaging in collaborative projects which advance the broader development goals of the UN, particularly the Millennium Development Goals.

Schiphol Group will make a clear statement of this commitment to stakeholders and the general public. We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles.

We support public accountability and transparency and will report on progress within one year of joining the Global Compact, and every year thereafter according to the Global Compact COP policy.

Yours sincerely,  
SCHIPHOL GROUP
