New York, NY, 10017, USA.

Dear Mr. Secretary-General

It is with great pleasure to confirm that **SSR GREEN HOLDINGS (PTY) LTD**, hereby commits to support the UN Global Compact with its 10 (Ten) principles on Human Rights, Labor, Environment and Anti-corruption.

We as an enterprise are committed to being an active advocate for the implementation of those principles within our sphere of influence. It is our intention to ensure that the totality of the business operations will be governed by the ten principles. The organization commits to initiate programs which advance the broader development goals of the United Nations and also engage in projects that are in line with the Sustainable Development Goals (SDG's).

We also acknowledge the key requirement of the submission of a Communication on Progress that describes our company's efforts to implement the ten principles, and as such, commit to report on progress within one year of joining the Global Compact COP policy. This includes:

- ❖ A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles.
- ❖ A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (Human rights, labor, environment and anti-corruption).
- ❖ A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results.)

Yours in good Spirits,
