Dear Mr. Secretary-General

**UN Global Compact**

I am pleased to confirm that Turner & Townsend supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to embedding the Global Compact principles and social responsibility into our operations, and engaging in collaborative projects for the broader development goals of the United Nations, particularly the Sustainable Development Goals. Turner & Townsend will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that the annual submission of a Communication on Progress (COP) is a key requirement of participation in the Global Compact. We commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas.
- A measurement of outcomes.

Yours sincerely

Vincent Clancy  
Chief Executive Officer  
Turner & Townsend
