With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

As a Registered Charitable Institution, Social Enterprise, Group Training Organisation, Student Advocate, Industry Association and Economic Development Agency that is dedicated to imagineers, the creative industries and society, we pledge to participate in and engage with the UN Global Compact in at least the following way(s):

- Annual Business Associations Forum on Sustainable Development
- Promote Industry Best Practices

- Implement and Promote the UN Global Compact Ten Principles
- Educate a variety of audiences about sustainability
- Conduct thought leadership to advance best practices
- Foster, promote and support Global Compact Local Networks

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organisation's efforts to support the implementation of the ten principles and to engage with the Global Compact.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Claude Drulik
