Dear Mr. Secretary-General,

As Colgate's Chairman, President and Chief Executive Officer, I am pleased to confirm that Colgate-Palmolive Company (Colgate) supports the Ten Principles of the United Nations (UN) Global Compact on human rights, labor, environment and anti-corruption. Colgate's policies and practices are well aligned with the UN Global Compact. In fact, Corporate Social Responsibility and Sustainability has long been integrated into our strategy, culture and day-to-day operations.

We acknowledge the requirements for participation:

- Colgate's Chief Executive Officer will provide a statement annually expressing continued support for the UN Global Compact.
- Colgate will continue to report our progress annually via our Corporate Social Responsibility and Sustainability Report.
- Colgate plans to include a statement regarding our commitment to the UN Global Compact in our 2016 Corporate Social Responsibility and Sustainability Report, which will be released in May 2017.

We look forward to collaborating with the UN and doing our part to advance the implementation of the Sustainable Development Goals.

Sincerely yours,
