Dear UN Secretary General

I am delighted to inform you that the World Green Economy Council (WGECO) supports the ten principles of the UN Global Compact with out-most respect to environment, human rights, labor and anti-corruption. With this commitment, we express our intent to advance these principles within our sphere of influence and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through for, instance, promoting principles of the UN Global Compact; participation in Local and Regional Networks; involvement in specialized initiatives and work streams; engagement in partnership projects and reviewing and providing commentary to participating organizations on their Communication on Progress. However, WGECO is committed to submit the Communication on Engagement (COE) within two years after joining the Global Compact, and every two years thereafter.

Finally, the World Green Economy Council (WGECO) seizes this occasion to express for Your Excellency, the assurances of our highest consideration and respect.

Witness by hand and seal of

**President**
