Dear Mr. Secretary General,

I am pleased to confirm that the Vietnam Social Services JSC (VISECO) supports the ten principles of the Global Compact with respect to human rights, labor, environment, and anti-corruption. With this communication, we express out intent to advance those principles in our sphere of influence. We are committed to making the Global Compact and its principles part of strategy, culture, and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. VISECO will make a clear statement of this commitment to our stakeholder and the general public.

We recognize that a key requirement for this participation in the Global Compact is the annual submission of a Communication progress (COP) that describes our company's effort to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

Mr. Nguyen Thanh Luu
Chairman, Board of Directors
