Dear Mr. Secretary-General,

I am pleased to confirm that MASTER ITALIA SPA, in close connection with its brand ATLANTIS, supports the Ten Principles of the United Global Compact on human rights, labour, environment and anti-corruption.

According to MASTER ITALIA SPA the Business Ethics is a fundamental value. This is the reason why our company is actively engaged in ethic and product quality certifications, as the SA8000 standard certification obtained in 2014.

Our strong commitment towards Business Ethics lead us to express you our intent to implement UN Global Compact principles in the strategy, culture and day-to-day operations of our company and to be engaged in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. MASTER ITALIA SPA will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes:

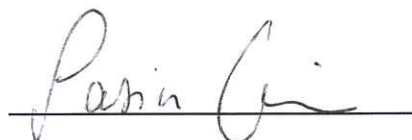

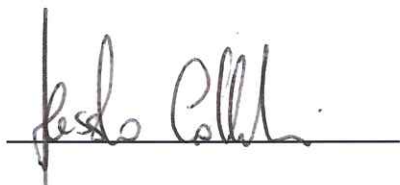

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.

# MASTER ITALIA

- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,
