Dear Mr. Secretary General,

We a Friendship Ambassadors Foundation (FAF; www.faf.org) are pleased to affirm that FAF wholeheartedly supports the ten principles of the UN Global Compact with respect to human rights, labour, the environment and anti-corruption. Through this commitment, FAF expresses its intent to advance these principles within our sphere of influence and will continue to make a clear statement of this commitment to our stakeholders and the general public.

We also wish you to know that we have already taken part, and in fact led, activities of the UN Global Compact - and will continue to do so through our role as a formal Associate of UN DPI and an NGO in Operational Relations with UNESCO. We have partnered with the UN Global Compact already in the past through very successful collaborations at the UN and elsewhere – such as hosting UN Global Compact participants and UN staff to address our university students and the general public at local universities and by inviting their participation in our annual Youth Assembly at United Nations Headquarters each August.

We will continue to seek out ways we may continue to develop these relationships going forward, and sincerely hope you agree to recognize our work and invite us in to participate more fully in UN Global Compact events and initiatives in the future.

Sincerely yours,

Patrick Sciaratta
