Dear Mr. Secretary-General,

I am pleased to confirm that Konecranes supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our continuous intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Konecranes has made a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on our progress annually according to the UN Global Compact COP policy.

Konecranes *Sustainability Report* and *Annual Review* summarize the practical actions that Konecranes has taken to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption). In the aforementioned reports, we also transparently report on the actual outcomes of our corporate responsibility work, as well as progress against our targets.

Sincerely,

Rob Smith

Dear Mr. Secretary-General,

I am pleased to confirm that Konecranes continues to support the ten principles of the Global Compact on human rights, labor, environment and anti-corruption. With this communication, we express our continuous work to implement those principles. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Konecranes has made a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress that describes our efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to continue annual reporting on progress. We will continue to report our progress as part of our Annual Report, which is published around March/April time. As before, we will provide link or pdf copy of the latest report as communication on progress.

Sincerely yours,

Mr. Panu Routila

25th March 2010

Dear Mr. Secretary-General,

I am pleased to confirm that Konecranes supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti-corruption. With this communication, we express our Group Executive Board's and our Board of Directors' decisions to apply for joining UN Global Compact Network and this way join other thought-leadership companies in supporting and promoting the ten principles. It is our intent to advance these principles within our sphere of influence and engage in partnerships to advance broad UN goals. Konecranes will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress annually thereafter according to the Global Compact COP policy. We have already earlier included corporate responsibility part in our annual report and that section has been enlarged further lately. Annual report is published yearly around March April time. We will provide link to latest report as communication on progress yearly as soon as the report is out.

Sincerely yours,

Mr Pekka Lundmark
President and CEO
Konecranes Plc
