Dear Mr. Secretary General,

I am pleased to confirm that VIGO DI FASSA (Municipality) supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Encouraging businesses and other organizations to participate in the UN Global Compact.
- Supporting businesses and other stakeholders as they implement sustainability initiatives that benefit Vigo di Fassa and the greater community.
- Engaging with Global Compact Italian Network.
- Joining the Global Compact Cities Programme.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our Municipality's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Comm. Dott. Leopoldo Rizzi  
Mayor of Vigo di Fassa
