**Dear H.E. António Guterres,**

### **LETTER OF COMMITMENT.**

Pursuant to our quest to join the UN Global Compact, we write to unequivocally state our commitment to advance the 10 Global Compact Principles with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We further pledge our commitment to participate in and engage in the specific activities suggested to each type of nonbusiness participant in support of the initiative. For us, we would;

- Propose and implement partnerships on corporate sustainability and engage with other stakeholders.
- Support UN Global Compact business participants as they implement and report on their sustainability efforts.
- Engage with Global Compact Local Networks.
- Join and/or support issue platforms and work streams.

Guided by the principles and responsibilities of being a part of the UN Global Compact, we would conform to the submission of the Communication on Engagement (COE) within two years after joining, and every two years thereafter.

Sincerely,

**Seth Owusu - Mante**
