Environmental Parliament NGO Commitment towards a Global Compact
May 1st 2010 - H.E. Ban Ki-moon - Secretary-General - United Nations -
New York, NY 10017

Dear Mr. Secretary-General,

I am pleased to confirm that the Environmental Parliament supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption.

With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible, through participation in International Policy Networks, involvement in specialized initiatives and works, engagement in partnership projects, and reviewing and providing commentary to participating companies on their Communications on Progress.

We also aim to participate in the leadership forums of the UN and especially in the one of the 24th and 25th of June 2010, where we aim to speak about these initiatives that make all the difference and about the Basic Human Rights.

Sincerely yours,

PanoKroko

Regards
