I am pleased to confirm that st Elizabeth national residential nursing home supports the ten principles of the UN

Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment,

we express our intent to support the Global Compact advancing these principles, and will make a clear statement

of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways

1. Make the UN Global Compact and its [principles](#) an integral part of our organization strategy, day-to-day operations and organizational culture
2. Incorporate the UN Global Compact and its principles in decision-making processes at the highest levels
3. Engage in partnerships that advance the UN Global Compact's principles and support broader UN goals, such as the UN Sustainable Development Goals
4. Advance the UN Global Compact and the case for responsible business practices through advocacy and outreach to peers, partners, clients, consumers and the public at large
5. [Make an annual financial commitment](#) to support the work of the UN Global Compact Office. This will enable us to continue providing ongoing support to thousands of participants like you who have committed to transforming our world
6. We will engage in non-business organisations to participate through a number of UN Global Compact engagement mechanisms, including policy dialogues, learning, [Local Networks](#) and [partnership projects](#) by restoring the right if the vulnerable older persons, disabilities, orphans and children .

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of

the ten principles and to engage with the Global Compact. We support public accountability and transparency,

and therefore commit to report on progress within two years of joining the Global Compact and every two years

thereafter according to the Global Compact COE policy.
