USA

Dear Mr. Secretary General, I am pleased to confirm that RIKS Education Centre supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption.

With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

Support and respect the protection of internationally proclaimed human rights and our works rights. the elimination of all forms of forced and compulsory labour; the effective abolition of child labour; support a precautionary approach to environmental challenges; undertake initiatives to promote greater environmental responsibility to our students and public, encourage the development and diffusion of environmentally friendly technologies, using recycled papers in our education lessons and teach about this to young generation, work against corruption in all its forms, including extortion and bribery.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Azimjon Khusanov
CEO, Owner
RIKS Education Centre
Tashkent city
