Dear Mr. Secretary-General,

Please let me address You and the United Nations Organization in order to bring to your attention the good news that the SOFIA INTERNATIONAL MODEL UNITED NATIONS FOUNDATION (SOFIMUN FOUNDATION) is ready to initiate its cooperation with the UN Global Compact. The SOFIMUN Foundation after a couple of successful projects and initiatives with the active involvement of over 600 young leaders from more than 80 nations worldwide is now presenting its support for the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our organization, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

The SOFIMUN Foundation will make a clear statement of this commitment to our board of trustees and the general public. We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our organization's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

Ms. Paola Ivanova
President of the SOFIMUN Foundation
